Dear Mr. Cabodi:

RE: 2014 Hazardous Liquid Operator Qualification (OQ) Program Inspection –McChord Pipeline Company

Staff from the Washington Utilities and Transportation Commission (staff) conducted an operator qualification (OQ) program inspection on May 21, 2014, of McChord Pipeline Company (McChord). The inspection included a review of McChord's OQ plan and associated records.

No apparent violations were noted as a result of the inspection.

Staff would like to thank US Oil and Refining's and McChord Pipeline's personnel for their professionalism and cooperation during this inspection.

If you have any questions, or if we may be of any assistance, please contact Dave Cullom at (360) 664-1141. Please refer to the subject matter described above in any future correspondence pertaining to this inspection.

Sincerely,

David D. Lykken
Pipeline Safety Director
