Dear Mr. Wilson:

**RE: 2017 Hydrogen Gas Operator Qualification Inspection – Solvay Chemicals, Inc.  
(Insp. No. 7475)**

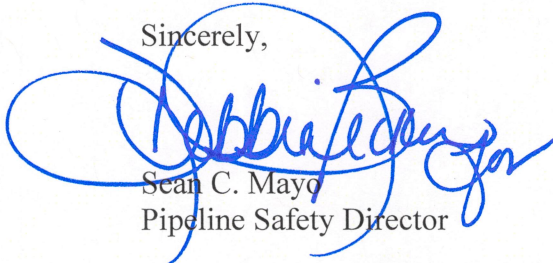

Staff from the Washington Utilities and Transportation Commission (staff) conducted an Operator Qualification (OQ) inspection on Dec. 6, of Solvay Chemicals, Inc. (Solvay). The inspection included a comprehensive program and records review of the pipeline facilities.

No apparent violations were noted as a result of the inspection therefore this inspection will be closed as of Dec. 12.

Staff thanks Solvay's personnel for their professionalism and cooperation during this inspection.

If you have any questions or if we may be of any assistance, please contact Anthony Dorrough at (360) 664-1318.

Sincerely,

Sean C. Mayo  
Pipeline Safety Director
