Protocol Set ID	WA.GD.2017.01	Supervisor	Joe Subsits	Inspection Submitted	--
		Director	Sean Mayo	Inspection Approval	--

Inspection Summary

18/08/09 - Documents related to as builds and certification (Weld cards, OQ, and CP Tech) were handled at each office in turn during the field portion of the inspections. So at the Colville office we looked at a sample of as builds for the district and other records of construction for the Colville district. (recorded in Field Notebook, also reviewed the certification of personnel) I would review certification of technical subject matter experts (SME) for technical personnel that would be part of this inspection. Also watched the personnel to insure they were following their procedures for OQ inspection (*Form 15). end lev

7558-AU-Colville District - This inspection will include record review (mostly in Spokane at the main office. Hopefully we will be able to tag this on the end of the TRANS week,

Added the 7560-Clarkston/Pullman District to current inspection.7-2018 lev

Scope (Assets)

#	Short Label	Long Label	Asset Type	Asset IDs	Excluded Topics	Planned	Required	Inspected	Total	Required % Complete
1.	7558-AU-Coville	7558-AU-Coville	other	7558	Storage Fields Bottle/Pipe - Holders Offshore GOM OCS Cast or Ductile Iron Copper Pipe Aluminum pipe	203	203	203	203	100.0%
2.	7560-AU-Clark/Pull	7560-AU-Clarkston/Pullman	other	7560	Storage Fields Bottle/Pipe - Holders Offshore GOM OCS Cast or Ductile Iron Copper Pipe Aluminum pipe	203	203	203	203	100.0%

a. Percent completion excludes unanswered questions planned as "always observe".

Plans

# Plan Assets	Focus Directives	Involved Groups/Subgroups	Qst Type(s)	Extent Notes

Report Parameters: Results: Unsat,Concern

Inspection documentation, including completed protocol forms, summary reports, executive summary reports, and enforcement documentation are for internal use only by federal or state pipeline safety regulators. Some inspection documentation may contain information which the operator considers to be confidential. In addition, supplemental inspection guidance and related documents in the file library are also for internal use only by federal or state pipeline safety regulators (with the exception of documents published in the federal register, such as advisory bulletins). Do not distribute or otherwise disclose such material outside of the state or federal pipeline regulatory organizations. Requests for such information from other government organizations (including, but not limited to, NTSB, GAO, IG, or Congressional Staff) should be referred to PHMSA Headquarters Management.
