**RE: 2018 Hazardous Liquid Operator Qualification Inspection – Petrogas West LLC
Ferndale Storage Terminal (Insp. No. 7572)**

Dear Mr. Storoshenko:

Staff from the Washington Utilities and Transportation Commission (staff) conducted an Operator Qualification (OQ) inspection of Petrogas West LLC, (Petrogas), Ferndale Storage Terminal on Aug. 7-8. The inspection included an OQ plan and records review as well as observing qualified staff perform selected OQ covered tasks.

No apparent violations were noted as a result of the inspection; therefore, this inspection is closed as of Sept. 12.

Staff thanks Petrogas's personnel for their professionalism and cooperation during this inspection.

If you have any questions or if we may be of any assistance, please contact Anthony Dorrough at (360) 664-1318.

Sincerely,

Sean C. Mayo
Pipeline Safety Director
